- ✓ Drain line camera inspection & locating.
- ✓ Sump pump maintenance and installs.
- ✓ Time of Transfer "TOT" Inspections

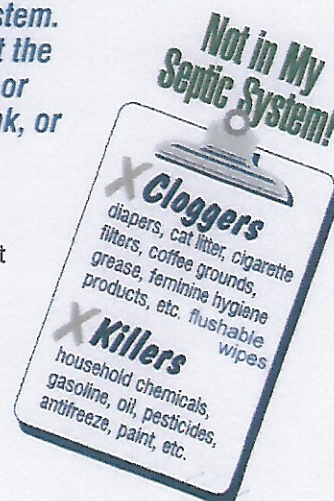

1-800-HEY-MORT
24 HOUR SERVICE

Things to keep in mind:

- ✓ Regularly inspect your system. Do not use septic tank additives.
- ✓ Use water efficiently.
- ✓ Don't dispose of household hazardous wastes in sinks and toilets.
- ✓ Plant only grass over and near your septic system. Roots from nearby trees or shrubs might clog and damage the drainfield.
- ✓ Don't drive or park vehicles on any part of your septic system. Doing so can compact the soil in your drainfield or damage the pipes, tank, or other septic system components.

- ✓ Please notify the City of Rowan if you are having any issues related to your new septic system install. Sewage backup, plugged line, alarm going off, etc.
- ✓ Helpful web sites:
✓ www.epa.gov/septic ✓ www.nowra.org ✓ www.nesc.wvu.edu/subpages/septic.cfm

Protect It, Inspect It, Respect It - Annually check over your system.

- ✓ **Think at the Sink:** Avoid pouring fats, grease and solids down the drain.
- ✓ **Don't Overload the Commode:** Only put items in the drain/toilet that belong there.
- ✓ **Don't Strain Your Drain:** Be water efficient and spread out water use.
- ✓ **Shield Your Field:** Remind family and guests not to park or drive on a system's drainfield, where the weight could cause damage.
- ✓ **Spy with Your Eyes:** Regularly check the tank lids, cleanout risers, and D-Box lid.

✓ Thank you for your hospitality during our year long project. Very much appreciated.
